CONDITIONS OF SALE

NOTES

1. All sheep to be moved with a pre-movement licence AML1 – obtained from your Local Authority (Trading Standards).
2. All sheep must be tagged in accordance with the Sheep and Goats (Records, Identification and Movement) Order 2010.
3. None of the stock shows signs of Foot & Mouth (FMD) or other notifiable disease.
4. **CLEANSE & DISINFECT (C&D)**
All vendors bringing stock must comply with the Cleansing and Disinfection Order 2003 – i.e. they must **CLEANSE AND DISINFECT** their vehicle either by using the facilities provided at the Venue or by thoroughly cleansing the vehicles upon reaching home – within 24 hours.
5. **PROTECTIVE CLOTHING/BOOTS**
No Vendors, their staff or agents will be allowed within the livestock holding pens unless wearing the correct clean protective clothing which includes Wellington Boots and/or rubber soled work boots, smock/overalls or waterproof coats and leggings that can be cleansed and sprayed down.
6. **ALL BIO SECURITY MEASURES MUST BE STRICTLY ADHERED TO.**
7. All animals are sold under the Rules and Regulations of the Dorset Down Sheep Breeders' Association Conditions of Sale (a copy is available for inspection in the Sales Office on the day). DDSBA Rule 13 applies - No registered Ram Lamb or Shearling Ram shall be sold by Auction at less than the upset price of £250.
8. All sheep within this Catalogue are **NON MV ACCREDITED**.
9. The Committee reserves the right to restrict entries or sale of any animal/s if the need arises.

Every effort has been made to ensure the information supplied by members detailed within this Catalogue is correct but the Association will not accept liability in respect of inaccuracies or for any entries not forward on the day of Sale.

TERMS OF SALE

All sheep will be sold in £ (pounds). 5% commission to the Seller **NO BUYER'S PREMIUM**. Any Stock sold after the Auction will need to be booked through the Auctioneer. Purchasers are requested to settle their Account by cash or cheque at the close of sale. Please note: there is no card facility.

MEMBERSHIP AND REGISTRATION FEES

Registration fees are charged on a headage basis, payable annually. The DDSBA does not issue individual Pedigree Certificates. Any purchaser wishing to join the Association should contact the Breed Secretary for Membership details.

THE DORSET DOWN ANNUAL FLOCK BOOK

The Dorset Down Flock Book is available to purchase at a cost of £5. It contains the Bye Laws of the Association and a complete list of all the Members; addresses, phone numbers and Flock Numbers, as well as other interesting information about the Breed.

The Dorset Down Breed is on the approved list of Native Breeds issued by Natural England for Stewardship Schemes and is listed on the RBST Watchlist; Category 5 Minority.

DIRECTIONS

From the village of STON EASTON (A37) turn in by the Church and follow the road to a T Junction. Turn left into LANGLEYS LANE and continue on this road, down the hill and the sale premises will be found on your left hand side after a short distance. Sale signs will be displayed on the morning of the Sale.

DORSET DOWN

The Dorset Down is a medium sized active sheep free from all coarseness and embodying the good breed points common to all sheep breeds. A head with a wide forehead, muzzle moderately fine in females, ears of medium length, fine and free from wool, brown in colour, carried almost horizontally above the level of the eyes. The neck short and well set into the shoulders with well sprung ribs, level back, wide flat loin, the tail head well set up and well filled hind quarters. In rams a bold masculine head is an essential feature.

Volume 1 Flock Book of this Breed was not issued until 1906 but sheep of this type were common in the Dorset area for upwards of one hundred years previously. The first Flock Book listed 51 Flocks with a total of 21,376 ewes. The largest flock being the property of William Hooper of Newburgh, consisted of 1,200 ewes. It is of interest to note that all of the flocks were situated in the County of Dorset – hence the name Dorset Down.

Many changes have taken place within the Breed in the last 100 years. Although there is now almost double the number of flocks, compared to 1906, they are greatly reduced in size and are no longer hurdled flocks. This was a system where sheep were folded on various catch crops, behind wattle hurdles, which were moved daily, so that the sheep were always on fresh grazing. It was a system used as much for the benefit of the arable crop that followed as for the sheep but this practice disappeared with the introduction of artificial fertilizers and modern farming methods – not to mention the amount of labour required for such a system. Flocks nowadays are almost all run exclusively on grass – a change that the Breed has adopted extremely well.

The other great change has been the move from disposing of the bulk of the male lambs as prime killing lambs to selling them as terminal sires to put on cross bred ewes for the production of prime lambs – a job they do extremely well. Noted for the speed at which the lambs mature producing an 18-20 kilo carcass at 12-16 weeks.

There are many attributes the Breed possesses that commend it to the smaller flock master – hardiness, docility, easy lambing and good mothers – with lambs that are strong and active at birth. A breed that thrives on grass either new leys or permanent pasture. The ewes will lamb from early November onwards without any artificial aids and are noted for their ability to keep breeding successfully for a considerable number of years.

In the last few years the Breed has enjoyed a great renewal of interest resulting in an increase in Membership and sheep numbers. This has been reflected in the Sales held by the Association over the years, with the Breed Sale being an annual event held at the traditional time in July.
